MEN SHOW INTEREST - IN FUTURE PLANS OF MUSIC CLUB

**GIVE SUPPORT TO GLENDALE'S
NEW ORGANIZATION; BANQUET
TO BE HELD MONDAY NIGHT**

While it is the women who are playing a large part in making music week a success, the men of Glendale also are deeply interested in the event, as is evidenced by the program to be presented Monday evening at a banquet which will be held in the First Methodist church at 6:15 o'clock. Dwight W. Stephenson, president of the City Board of Trustees, and C. C. Cooper, president of the Chamber of Commerce, will make brief talks and Charles Wakefield Cadman, Vernon Spencer and Clarence Gustin will address the diners. The last three are well known to southern California musicians.

Not alone, however, in the musical world, but in the business world does a response echo to the call of music week. A representative of The Glendale Evening News obtained the following statements from several local leaders and many others who would say similar things if the opportunity presented:

SPENCER ROBINSON, city trustee and well known in musical circles—I am proud to be a member of the Glendale Music club and I think that many more men of the city should join, for some very excellent programs will be given. Music makes for harmony. Hear some good music by joining the music club is my suggestion to the men of Glendale.

JESSE SMITH, vice president of the Chamber of Commerce and Glendale Ford agent—"To my way of thinking a music club is of far more importance than the great percentage of us realize. I do not believe there is any more sensible, soothing and effective means of relieving one's nervous system after a strenuous day's work or campaign than the soft, sweet melodies of music.

O. E. VON OVEN, realtor with Charles B. Guthrie—"The world needs more music in its daily life. Anything that will tend to create the spirit of music in the life of people, I am heartily in favor of and will do all that I can to promote it.

E. O. KIEFFER, Commander Glendale Post, No. 127, American Legion—"Music had its charms with the men in service and I think the same holds true today—that men like the opportunity of relaxing their minds in song. It is good that we have music week to remind us of the harmony which exists when the spirit of song prevails.

At the party given last night for Miss Brown, one of the diversions of the evening was a game of progressive bunco, the first prize going to Catherine Guthrie and Frances Betz being given the consolation prize. "From an unknown friend who knows your needs."

Outside of a few more customers Peterson says he doesn't need much.

And he can't recall acting as a benefactor recently.

Maybe the donor got the dough under the wrong door.

FOUR LIVES LOST, HEAVY DAMAGE BY COLORADO STORM
DENVER, June 4.—Four lives have been lost and enormous damage to crops and property has been done in Colorado within the last twenty-four hours as the result of cloudbursts and heavy rains. Rain began falling here at 5 o'clock last night and this morning was continuing unabated. Indications were that it would continue most of the day. Reports from Pueblo said that flames were raging in several parts of the city while the business section was under six feet of water following a flood of the Arkansas river. National guardsmen were patrolling the streets early today while the fires, started by lightning, raged unchecked. It was believed, however, the heavy rain would extinguish the flames. The damage in Pueblo will amount to \$24,000,000, it was estimated. Near Loveland, the dam holding back Lake Loveland threatened early today to go out. Thousands of acres of rich farming land would be inundated. Virtually every citizen of Loveland today was working frantically to stop the numerous leaks in the dyke. The Colorado & Southern railway bridge over the Big Thompson river there was swept away. Hundreds of feet of track were washed out. Rail service is completely demoralized. Basements of nearly every store in Loveland are flooded. Near Sterling, Mrs. Carl Davis and her baby were drowned when their home was swept away by a wall of water that rushed down the creek, following a cloudburst. Two other children are missing. Two children of William Grey were drowned while the father was carrying them from their home in Pueblo, which was demolished by a sudden flood of water from Dry Creek, near Grey's home. The children were swept from Grey's arms. Both he and his wife escaped.

TELLS OF MEASURES FOR BENEFIT OF WAR VETERANS

**BURON FITTS, COMMANDER OF
STATE AMERICAN LEGION,
IS SPEAKER IN CITY**

Accomplishments of the American Legion in the state of California were described to members of Glendale Post No. 127 last night by Buron Fitts, state commander, who spoke before about two dozen of his "buddies."

Seventeen bills were forced through the last legislature for soldier and sailor relief and they have been signed by the governor, according to the speaker. This achievement was due to the fact that the Legion's program was incorporated in separate bills.

Listing some of the achievements, Commander Fitts told of the Veterans' Welfare Board, which is to be created within the next thirty days. It will have several million dollars to work with under the provisions of several bills to provide farms and homes for the disabled.

Ten Millions in Bonds

Other bills provide for the education of those service men whose college courses were interrupted and for wife, child, widow or orphan of incapacitated or dead veterans. A ten-million-dollar bond issue also will be submitted to the voters at the next election, according to the speaker, which will afford a revolving fund so that every ex-service man can get a home or farm of his own.

To win this bond issue, the commander declared, it is absolutely necessary to have the backing of every "buddie." He urged that the members of the American Legion bring in new members now in order that the organization could accomplish greater things. Dues, too, should be kept paid, for funds are vitally necessary.

National Bonus Bill
Among the many other things California has done for its service men, (Continued on Page 3.)

cent visitors at Glenn Ranch Resort,
San Bernardino, included Mrs. N.
Meyer, Mrs. H. Heisler and C. H.

the Glendale Research hospital
where she has been for the past
week. Mrs. Burtcher is getting
along nicely.

Miss Leota Snyder, 112 Arden ave-
nue, has returned from Maricopa,
where she has been teaching for the
past year. Miss Snyder is planning
to make an extended trip east during
the summer, which will include visits
in Chicago, Washington, New York
and other cities of interest.

Fred Fishel, who is well known
here, left Glendale a short time ago
for New York City. He made the
trip in his Ford touring car and he
has written from the metropolis that
"Glendale air still is in his tires."

Jesse Smith, local Ford representa-
tive, thinks this is a very good re-
cord and is using it to convince fu-
ture buyers of the economy of the
universal car.

It may have been cloudy yesterday
afternoon in Glendale, but the sun
was surely shining at Griffith park.
At least that is what the children
of the Magnolia avenue school say,
for they had a picnic there. They
were taken over to the park in four
machines, some of the machines hav-
ing to make two trips because there
were around sixty pupils and their
parents. Miss Emma Saxon, their
teacher, also went. They had an ex-
citing time around the animal cages
and played games. A picnic lunch
was served, consisting of sandwiches
and all the other goodies that chil-
dren like, even to ice cream and
cake. Several snapshots were taken
and the picnic broke up about 5
o'clock.

Muzzles Must Remain
On Dogs For Present

In a resume of health conditions
in Glendale made today by Dr. J. E.
Eckles, city health officer, it is stat-
ed that no new cases of rabies have
developed, but the people are urged
to continue to keep dogs muzzled or
tied up. Notice will be given re-
leasing restrictions.

The department is making regular
inspection of dairies in the city and
those outside supplying milk here.
If anyone should notice anything sus-
picious about the milk they are re-
quested to notify the department.

The city's water supply, says the
statement, is practically free from
objection from any standpoint. The
pipe moss has been practically erad-
icated.

Miss Helen McAlonan, a Red Cross
nurse, has been added to the depart-
ment and is engaged in checking
school children along the lines of
bettering their health conditions and
also the conditions in a number of
homes where there are children.

Van Nuys Night For Pythians Is Planned

At the regular meeting this week
of the Glendale lodge 331, Knights
of Pythias, the officers were on hand
early and there was a good attend-
ance. The usual business of the
lodge was executed and the meeting
closed early. At the next meeting
business and pleasure will be com-
bined.

At this meeting, there will be
work in the ranks and, it being the
regular "Van Nuys Night," those
members will be on hand and bring a
great bunch of joy and good fellow-
ship with them. The fraternal vis-
its between these two lodges has
proven of mutual benefit to the
membership and it is presumed that
the Glendale Pythians will turn out
in full to welcome this enterprising
lodge.

The membership drive is now on
in full force and enthusiasm grows
as the applications of prospective
Pythians come in steadily. It has
been stated that as soon as the drive
is completed the entrance fee will be
raised. A large class will soon be
initiated which will include members
of the new orchestra now being or-
ganized.

This lodge is planning on having
every Pythian in Glendale, his family
and friends attend the annual Py-
thian Memorial service at Forest
Lawn cemetery on next Sunday, June
5, at 2 p. m. An excellent program
has been arranged. Twenty-six
lodges will participate and J. Stanley
Brown, the new Grand Chancellor
Commander will be the principal
speaker of the afternoon. There will
be plenty of seats for all. The mem-
bers will bring flowers to assist in
decorating the graves in the Pythian
plot.

Explains Measure For
Benefit War Veterans

(Continued From Page 1.)

the legislature unanimously voted
for a memorial to congress urging
the immediate passage of the nation-
al bonus bill. In six months' time
Mr. Fitts believes this will be a law.
He is going to Washington to fight
to get the measure out of committee
and onto the floor of the senate.

The state law has been changed so
the counties can build homes for the
veterans; a new act of the legisla-
ture makes it a misdemeanor to
wear any patriotic insignia without
authority, and November 11, Armis-
tice Day, is now a legal holiday.

Speaking on the unemployment
problem, the commander said that in
the Bible they slew the fatted calf
on his return. In this country when
the service men returned from
France "they shot the bull" as far as
taking back the employees who an-
swered their country's call. At an-
other meeting, Mr. Fitts hopes to tell
the Glendale Legion members more
of the employment situation problem
of the disabled, Japanese question
and the I. W. W. problem.

Cheers Are Given

At the close of his speech, W. B.
Kelly moved three rousing cheers for
the state commander, who should be
the national chief of the Legion and
the hurrahs were given with will.
Mr. and Mrs. Horace Shidler of Kila-
meth Falls, Ore., and Charles M.
Potter, formerly a Lieutenant in the
air service, were introduced as vis-
itors while Dr. Edward Swift was an-
nounced as a new member. Initia-
tion was deferred.

The sick fund benefit perform-
ance, June 15; the band's street
dance June 11 and the boxing pro-
gram June 24 were announced. Sup-
port from the Chamber of Commerce
for the American Legion band was
urged. Communications from Clar-
ence L. Edwards, Congressman Wal-
ter Lineberger and Senator Samuel
Strutridge were read.

C. J. Woods' Attractive Foothill Home Bought

The beautiful foothill home at
2115 Kenneth Road, formerly be-
longing to C. J. Woods, has been sold
during the past week to G. W. Ellis
of Nebraska, who intends to further
improve it and make it one of the
most beautiful show places on Ken-
neth Road. It is understood that
the consideration was in the neigh-
borhood of \$11,000. The sale was
made through the agency of the
Charles B. Guthrie real estate firm.

About a year and a half ago Charles
B. Guthrie opened up his first real
estate office in Glendale at Doran
and Brand boulevard. April 1, 1920,
he opened another office at Los
Feliz Road and Brand boulevard,
with O. E. Von Oven as manager.

During this time he has made some
of the largest real estate sales in the
city and has now completed the es-
tablishment of three other offices,
one at Kenneth Road and Grand
View avenue, another at Broadway
and Adams street and a central office
at 103 1/2 South Brand boulevard.

Those in charge of the various of-
fices are C. H. Montgomery, Kenneth
Road and Grand View; W. E. High,
Los Feliz Road and Brand boulev-
ard; F. D. Winslow, Broadway and
Adams; M. M. Rinearson and moth-
er, Mrs. H. V. Rinearson, who have
recently come to Glendale from Oak-
land and are experienced real estate
agents, have charge at Doran and
Brand. O. E. Von Oven has been
appointed general manager and has
his headquarters at the central office
at 103 1/2 South Brand. This en-
ables Mr. Guthrie to have more time
to devote to watching the market,
lining up subdivisions and in a gen-
eral way getting in touch with busi-
ness.

Dr. Frank L. Riley To Give Lecture Sunday

Dr. Frank L. Riley, author, lecturer and metaphysician, who was fortunately secured some time ago to fill the position of lecturer at the New Thought Center, is attracting a large number of people at each of his Sunday morning lectures, which begin at 11 o'clock.

Dr. Riley declares that the sayings and teaching of Jesus were invariably in the form of allegory, as was also with the conversation and writing of the people of the time of Jesus.

Dr. Riley has chosen as the subject for his lecture Sunday, June 5, Winfield's translation of the Rubiyat of Omar Khayyam. Sunday school will begin at 9:45 a. m. and lecture at 11 a. m.

Intermediate Pupils Hear Varied Program

A pleasing program was given yesterday afternoon at the Intermediate school in honor of music week. Miss Brenneman, head of the music departments of the grade schools, has been celebrating this week. Several members of the orchestra have visited at the different schools to show them what had been done in the music line at Intermediate, and to interest those who will attend there next fall.

Friday afternoon they invited Mrs. Gibson to come from the high school and give some musical numbers. She arranged a very interesting program as follows: Three selections by the Boys' Glee club; a solo by Dorothy Pearl; solo by Kenneth Jackson; solo by Joe Rhodes; violin duet by Julia Robinson and Genevieve Mulligan.

After the musical program there were speeches by different boys representing several departments of the high school. Tom McNary represented the student body; Robert White, Jr., spoke on school spirit, especially as shown by the school paper, The Explosion. He distributed 300 copies among the students to create interest among those who are planning on attending high school next year. The program closed with singing the "Star Spangled Banner" and giving a salute to the flag.

Women Tellers Draw Men To Bank, Claim

PHILADELPHIA—"It pays to have women in tellers' cages in savings banks because men will leave a short line in front of a male teller's window to stand in a long line to wait to be served by a young woman teller," Raymond R. Prazier, president of the Washington Mutual Savings bank of Seattle, declared in an address before the second annual banquet of the national conference of mutual savings banks of the United States.

"The day of low wages for bank employees is gone," he said. "The paying teller must now get as much and a little more than a motorman."

ALUMNI BALL TEAM OLD FRIENDS MEET GOES SOUR; DROPS AGAIN AT ALUMNI MEETING HERE

AS PITCHER, M'GILLIS SHOWS RARE FORM—SO RARE THAT HE'S REALLY UNDONE

The much abused and defeated baseball team of the local high school suddenly woke up yesterday and won their last game of the year, but only doing so at the expense of a hurriedly assembled group of alumni "has-beens." The contest was the opening event of the first annual alumni day exercises and was attended by several hundred pro and con rooters for each side. The game was originally scheduled to be a regular nine inning game, but in pure pity for the helpless fans the comedy of errors was cut off at the end of the seventh.

A few minutes before the umpire beller "play ball" Manager West of the "Hasbeens" suddenly realized that his pitcher hadn't shown up. This wise and sagacious "Ax," ever ready to cope with the most serious emergency, immediately solved the question by flipping a quarter. The fateful coin spelled bad luck for McGillis, he drawing the blank and getting the hurling job. As a pitcher, however, he soon proved to the assembled sharpshooters, being able to hit the high school players' bats with uncanny accuracy and regularly.

Oh, My! Ten Clean Ones!

In summing up the number of hits garnered off his deceptive (to himself only) delivery it is seen that ten clean bingles were garnered by the G. U. H. S. Misfits. This is indeed an excellent record when one stops to figure that ten is much less than fifteen.

Oh, yes, we almost forgot to give the score—5 to 4. Sounds like a ball game, anyway. Although the "Misfits" came out on top in the final result they were at least topped in one department of the fracas, to wit, errors. They were the under dogs in the "E" column, chalking up a measly four against just twice that many made by the "Hasbeens."

The first two innings were devoid of excitement, but at the beginning of the third a couple of hits, accompanied as many misplays, resulted in a brace of tallies for the high school. Ageeson led off this round with a clean bingle to left and Fruhling, the next batter, lifted a tall one to deep center.

It was here that the "Hasbeens" became stagestruck and began their campaign of errors. After the ball had finally been recovered and relayed to Fishel, who virtually cracked under the terrific strain, that "Squeaky" gentleman did his best and sent the ball in a powerful throw somewhere in the general direction of the grandstand. "Rabbit" Kots was after it in a flash, but when he picked up the horsehide a small specimen of a most dangerous family of protozoans was observed on its surface, and "Rabbit" proceeded to examine said spheroid while the "Misfit" runner calmly dug his spikes into home plate.

Well! They Come to Life!

In the last of the fourth the "Hasbeens" suddenly came to life and scored a quartet of runs on a series of hits by Fishel, Westwood, West and Kots. However, not wanting to take undue advantage of the home players the now fatigued alumni up and gave their opponents just enough tallies to tie the score. This was accomplished by a trio of hits and an inexcusable boner by Fishel.

At the beginning of the last half of the fifth inning the entire "Hasbeen" infield held a consultation and decided to let the home boys win by one run. They successfully carried out their plans a few moments later when Fishel and Tummell held a socker contest, kicking the ball all over the lot and let the winning run score on a single hit.

Anyway, Something Is Left By This Burglar

NEW YORK—Sign on Joseph Boenich's tailor shop read: "This place closed for the night." Facetious burglar, after stealing \$400 worth of clothing, wrote on it: "Who Cares?"

FIRST ANNUAL GATHERING IS SUCCESS; NEW OFFICERS OF ORGANIZATION CHOSEN

About 300 present and ex-graduates of the Glendale High school assembled last night in the school auditorium to hold their first annual alumni get-together and business meeting. One was reminded of the "homecoming of the wandering" when old friends greeted each other for the first time in several years. In fact, there were members present from the graduating class of 1908 to this year's seniors.

The evening's events opened with an excellently played march by the newly-organized alumni orchestra, which was made up of Misses Alice Gray Beach, Ruth Palmer, Frances Paine, Evangeline Quackenbush, Messrs. John Stauffacher, Verne Wilson, I. S. Brown and Mansford Barnes. During the selection Mrs. Lena McGee Powers, president pro tem; Mrs. Grace Beach Simon, vice-president; Miss Jane Snyder, secretary, and Frank Balthis, treasurer of the organization, took seats on the stage 'midst a demonstration by the audience.

Mrs. Powers then gave a short talk, after which she introduced Miss Doris Packer, talented elocutionist, who responded with an excellent presentation of an excerpt from the ever-popular "Peg o' My Heart."

Miss Marie Oliver, of this year's graduating class, was the next one to be called on, she giving several beautifully-rendered vocal solos. She was encored several times by the highly-pleased audience. Mrs. Dora L. Gibson, of the high school music department, accompanied Miss Oliver.

Program Is Closed

Following another selection by the orchestra Professor Moyses was demanded by the entire assembly to fittingly close the program with a brief talk. He gratefully responded with a ten-minute speech, telling the alumni of the growth, progress, etc., of the school in the past few years and laying particular stress on the immediate need of new and adequate building facilities.

At the close of Mr. Moyses' talk a short business meeting occupied the next half hour. This session consisted of reports by the treasurer and the nominating committee and election of officers for the coming year.

The following were unanimously elected to office: Don Packer '14, president; Russell Tummell '19, vice-president; Ernestine Lyon '19, secretary, and Frank Balthis '19, treasurer.

At 9 o'clock the merry-makers adjourned to the new girls' gymnasium, where they enjoyed a dancing party until midnight.

AUTOMOBILE SECTION

Glendale Evening News, June 4, 1921

EVERYONE WANTS AUTO; EIGHT MILLION ARE SATISFIED

The automobile is essential during the whole twelve months of the year, but it is during the spring and summer that it is most popular. It is during these months when people think most about travel. It is then that the whole country is in a state of excitement and invites all men to explore it. Those who own motor cars today are able to respond to this invitation. To travel in an automobile in spring and summer is a rich experience. It affords the exhilaration of power and motion and the restfulness of bodily comfort. And it is an added comfort to the minds of the majority of automobile owners today that all these things are possible at little cost.

Practically everyone desires to own a car. This is a fundamental desire. It is based on the love of independence, the desire to travel, to cover distances quickly, and the longing for the things in life.

The automobile makes its owner independent of every other means of conveyance. It is the most improved method of transportation. Everyone knows this. Everyone can see the proof of it everywhere, every day.

The man who has to walk would like to ride. The man who has to depend on public transit facilities, limited as to distance, direction, speed and comfort, would like to be independent of them. The man who rides in someone else's automobile would like to own a car himself. And the things people buy are the things they want. When they want what is useful they have more reason to buy. Need and desire are the stepping stones to possession.

There are more than 8,000,000 people today who have satisfied their need and desire by the purchase of automobiles. None of these will be satisfied without cars in the future. There are millions of others who desire to become automobile owners. The automobile industry never faced a brighter future.

Touring Car Made Into Limousine By Using Miller Shields

How would you like to trade your touring car for a limousine. Of course, that sounds nice and you would expect to pay something for the exchange.

But that is exactly the idea of equipping your open car with the Miller tonneau shields; for which Platt's Tire Store, 129 South Brand boulevard has the agency. One enthusiastic purchaser told Mr. Platt yesterday that he wouldn't dispense with the shields for \$500—and they only cost a fraction of that amount.

The Miller tonneau shields were invented with the express idea of making riding a pleasure. Stop at Platt's tire store and start with the pleasure.

One of Survivors of Noted Expedition Dies

SAN JOSE, June 4.—Maurice Connell, weather observer for the government here from 1905 until two months ago, when he resigned because of ill health, died here.

Connell was famous throughout the country as one of the three survivors of the famous Greeley expedition which attempted to reach the north pole from 1881 to 1884. The expedition left for the north pole in 1881. Returning in 1884, it became marooned in the ice and lived for several months with little food.

The three men who survived were finally rescued by Rear Admiral Schley and the news of their return to civilization was heralded as one of the big newspaper stories of the time. Connell was sixty-nine years of age and is survived by a son, George A. Connell of Alameda, and a daughter, Mrs. George Griffin of Brooklyn.

Insurance Expert Is Now With Auto Club

Further changes are scheduled for the personnel of the Automobile Club of Southern California with the addition of George D. Gilmore, dean of all auto insurance men in the entire southern part of the state who is to be connected with the insurance department of the club, according to officials of that organization.

Twelve years ago Mr. Gilmore instituted "auto insurance" in southern California as representative of a large company, and since then the insuring of automobiles has been a leading activity of insurance concerns in this part of California.

In connection with the Auto club he will serve as supervisor of claims for the Inter-Insurance Exchange for all county offices south of San Luis Obispo.

According to club officers, there is no other insurance man in the state who has a greater number of friends than George Gilmore, and the club feels that the congratulations which are being received from the few persons who knew of the new alignment are thoroughly justified.

Territory to be covered by the supervisor of claims will extend from Imperial and San Diego counties on the south to San Luis Obispo county on the north.

MECHANICAL FACTS ARE CITED ABOUT GARDNER FOUR

B. G. SUTHERLAND TELLS OF HIGH CLASS WORKMANSHIP PUT INTO AUTOMOBILE

Speaking of the mechanical details of the Gardner Light Four, B. G. Sutherland, local representative, with display rooms at 230 North Brand boulevard, declares they are the evidence of the skill and attention to the important elements of economy, endurance and long service.

The extra strong, well-braced frame is perfectly straight over front and rear axles, allowing a straight up-and-down action of the long semi-elliptic vanadium steel springs.

The drop forged I-beam front axle and the three-quarter floating Hotchkiss drive rear axle are equipped with Hyatt and Timken roller bearings.

High Grade Workmanship
The motor is a product of competent engineers, high-grade workmanship and careful construction—simple in design, dependable in performance and capable of delivering long and constant service with economy in fuel and a minimum amount of attention.

The 48-pound crankshaft, supported by over-size bearings, insures complete rigidity with almost entire absence of vibration, resulting in low bearing pressure and long life.

The full gear worm type steering assembly is provided with a 17-inch walnut wheel; is irreversible and easily adjusted. Nothing appeals more to the average owner than a car that handles and steers well, holds to the road and is easy to control.

Buick Prices Lower, Agency Open At Night, Better Buy Yours Now

Quick as a flash after the telegraphed announcement of a decided reduction in Buick prices by the Buick Motor Car company at Flint, Mich., the local agents, Tanner & Hall, had sign painters busy calling attention to the new list and the fact that the agency is open nights.

But better yet, Tanner & Hall are using the medium of The Glendale Evening News to make this all important announcement of price change. In other columns will be found their latest model quotations which give one more hope of spending the summer camping, or at least having the pleasure of a motorcar about town.

Unquestionably there is no time like today to purchase a motorcar with a reputation like the Buick.

'The Killer' Featured On Glendale's Program

From the beginning to the final flash of "The Killer," the Benjamin B. Hampton-Pathe feature shown for the first time at the Glendale Theatre yesterday and continuing today there is not a single moment in which you can lean back in your seat and let out the breath pent up by its tensely and thrills, so rapid is its action.

No one but a Stewart Edward White could have written "The Killer." No one but a Benjamin B. Hampton could have produced it, and no one but Frank Campeau could have made the remarkable, unusual and daring character, "The Killer," seem real.

The story is woven around the diabolical personality of a man who finds killing is the best way of removing the birds, frogs, dogs, men, women and children who annoy him. Incur his displeasure, or stand in the way of his ambition. Into his net falls a beautiful girl and her young brother. Their position is hopeless until a daring and chivalrous young man rushes headlong into the desperate situation, falls in love with the girl and rescues her in a succession of climaxes that are the very height of good melodrama.

"High and Dry" is the Rolin comedy which keeps the crowds merry and other features fill the program. Tomorrow Bessie Love in "The Midlanders" is the feature. Sunday evening Madame Clement will play her nineteenth organ concert.

Another Advance For Grapes Is Announced

SAN FRANCISCO, June 4.—Despite prohibition the price of highest grade wine grapes for the 1921 season will be \$20 a ton higher than last year, the California Grape Growers' exchange announced.

The 1921 grape prices will call for \$90 a ton for wine grapes with highly-colored juices against \$70 last year.

Other prices include \$50 per ton for Burgers; \$60 for most of the white wine grapes and \$70 for the leading black varieties.

Practically all prices are higher than last year.

Deny Purchase Plans For Union Oil Plant

LONDON, June 4.—Officials of the Royal Dutch Shell Oil company here today denied reports published in the United States that they were negotiating for the purchase of the Union Oil company of Delaware. They declared that the matter had not been discussed in London.

It was recently published in California that the Royal Dutch Shell Oil company, an English concern, was about to buy the Union Oil company of Delaware, which is one of the largest oil companies operating in this state. It was claimed the purchase would give British interests control of approximately one-third of California's oil production.

It was stated that Henry Lockhart, Jr., of New York, who recently purchased a heavy interest in the Union Oil, had been in London for two months and that J. C. Von Eck, president of the Shell company of California, had been called to London by cable.

PITTSBURG CONTEST CAUSING FANS TO RISE ON TOES

GIANT-PIRATE SERIES WILL GIVE GOOD IDEA AS TO WHICH ONE IS REAL

BY HENRY L. FARRELL
United Press Staff Correspondent
NEW YORK, June 4.—Any other time in any other year the fight now going on in Pittsburgh would get the sport page banners.

Two baseball clubs down in smoke town are having a Dempsey-Carpenter fight all of their own. The National league pennant may not be decided at present by the Giant-Pirate series but it will go a fair way in giving an idea who's the real who of these two contenders.

The Giants have been worrying along right around the top for the first quarter with an aggravating brand of pitching. McGraw's hurlers would look like a million one day and run to the showers the next.

Gets High Class Pitching
George Gibson has been getting high class pitching all season. "It can't get very much better as a whole."

McGraw's pitching can improve 50 per cent and is getting better right along. If the Giants get Heinie Groh from the Cincinnati Reds it will just about mean the pennant. McGraw can give the Cincinnati club more than value received for the star third baseman without hurting his own club.

New York officials say today they were not prepared to make a statement about the big deal, but it is accepted here as a sure thing that the announcement will be made as soon as Groh and Benny Kauff are restored to good standing.

Goldie Rapp, of whom so much was expected during training season has proved a bust with the stick. He's a brilliant fielder, one of the best in the business, but he's helpless at the plate.

Paramount Comedy For Palace Grand Screen

Motion pictures have done more to stimulate love of good music among American people than anything else they have ever had, according to Douglas MacLean, Thomas H. Ince's popular comedy star. Residents of remote hamlets are beginning to acquire a liking for high class operatic airs through hearing them constantly repeated on the pipe organ or piano or by the string orchestra at their nearest motion picture theatre.

"I venture to say that the effect of motion picture music will be felt by the next generation," says Mr. MacLean. "Fathers and mothers are becoming familiar with Il Trovatore, the sextette from Lucia, and the music of Wagner, all because they go to the movies every week and enjoy an interesting screen story. They become interested in certain musical selections, want to know the composer, then investigate further and begin to consider giving their children musical educations."

Mr. MacLean's latest Paramount comedy, "The Home Stretch," will be the feature at the Palace Grand Theatre today. Beatrice Burnham is the leading woman.

"The Sneakers," a two-part Christie comedy and the Paramount Magazine round out the bill. Tomorrow "The Witching Hour" with Elliott Dexter is the feature.

TAX CAR ON HORSEPOWER

Motor vehicle taxes are collected on the basis of horsepower in Belgium, France, England and Italy.

In Illinois, 568,758 persons paid nearly \$6,000,000 for licenses to operate their automobiles in 1920.

FORD CARS IN TRIP TO BIG BEAR SET REAL RECORDS

REMARKABLE SHOWING MADE
BY AUTOMOBILES ENTERED
IN RELIABILITY RUN

People have wondered why the Los Angeles Ford dealers have never entered Ford cars in any of the economy or reliability tests that are made annually by many of the car dealers of Los Angeles. Well, this year, they went into the reliability run and dealers "jinks" held up at Big Bear from Saturday over Decoration Day. The two cars certainly made wonderful records for themselves. And we know why the Ford dealers have never entered a car before. It was because everyone knew what a Ford could do and they knew it, too, so they reasoned why take the time to show off against the rest of the automobile field? Why not spend more profitable hours selling cars than proving a Ford could climb to Big Bear with one quart of water and a few ounces of gas? Furthermore, they were always sold out with orders ahead for cars and never seemed to have one on hand but that some prospective purchaser was clamoring loudly for it.

Comes Long Way to Drive
The William L. Hughson company and the W. I. Tupman company were representing their respective agencies and, incidentally, the reputation of the Ford car. T. P. Tupman drove the car for his firm and William L. Hughson made a trip all the way back from New York City to take the wheel of one of his own cars. Both Fords were touring models and carried four passengers apiece.

The Ford Mr. Tupman drove started fifth in line at Exposition park, but before the end of Figueroa street was reached it had slid miraculously through traffic and was somehow ahead, keeping this lead all the way to San Bernardino.

After leaving San Bernardino, Mr. Tupman's Ford climbed so fast that he had to travel the last mile of the control into Victorville at a snail's pace, taking nineteen minutes to do it, in order not to stop his machine and be penalized.

Perfect Scores Are Made
As it was, the Fords driven by Messrs. Tupman and Hughson made a perfect score both going up and coming down. The cars on the way up consumed a little less than a quart of water a piece which is a

Studebaker Prices Reduced; Demand For New Cars Is Strong

Well into another Studebaker year the recent cut in prices has stimulated new business among the many who were seeking the pre-war level before purchasing, according to the Packer Auto company of Colorado and Brand boulevards. This firm is the distributor for the San Fernando valley and business is constantly becoming better throughout the entire valley from an automobile standpoint, according to their reports.

It is indeed pleasing to the local dealers to have Studebakers first in getting back to prices comparative with those before the war as this is indicative of a more stable supply, better labor conditions in the east and quantity production of a quality product.

Better Leave Dearest Little Fido at Home

Motorists owning pets which travel with them will find more lenient rules regarding them this year in the National parks of California.

Last year Fido could not even pass through the parks even if he were a passenger in a limousine. This year all dogs may be carried through the Yosemite Park, for instance, but they may not stop off to see the view.

Pussy cannot enter the parks at all. But local residents in the Yosemite may keep a cat to rid them of rodents—animated mouse traps are O. K., say government officials in a report to the touring bureau of the Automobile Club of Southern California.

Auto club officials point out that pet animals had better be left at home if their owners are planning any tours this summer which will take them into government preserves. Naturalized animals which do not spend all their time hunting each other are the only living animals allowed in the parks.

It is expected that other National preserves will act against domestic animals in the same way as has Yosemite.

mighty fine record seeing the roads were bad and the grades extremely steep. On the return trip but one-half pint of water was used in each machine. Very little oil was consumed by either car, while the average mileage of both cars was a bit over twenty miles to the gallon of gasoline going up and over twenty-five miles to the gallon coming down.

According to Messrs. Hughson and Tupman the way their Fords tore up the precipitous grades over rough roads was a caution.

Ford prices were placed on a pre-war basis on September 22, 1920. In accordance with Henry Ford's idea of giving the greatest possible value for the amount invested, Ford cars were the last to be raised and the first to be reduced. There is no greater value on the market today.

With a production of more than 97,000 cars in April and 100,000 in May, the supply does not meet the demand. To protect yourself against delay in delivery, order NOW from any of the following dealers:

First Person to Get 'Alpha' Test Perfect

SEATTLE, Wash., June 4.—The first person on record to make a perfect score—212—in the army "alpha" intelligence test, John Nolan, student in the engineering department at the University of Washington, is attracting the attention of educators throughout the country.

Nolan's feat is all the more remarkable in view of his history. He is 43 years old. For years he has been knocked about the world as sailor, lumber jack and roustabout. He fought in the Spanish-American war and again in the world war; was severely shell shocked in France and, although his mind is surging with vitality and brilliance, he has barely enough physical strength to walk.

The record shows that the highest previous mark in the "alpha" test was 207, made by a Yale professor. The average for army officers and students is 135. Nolan completed the test in thirteen minutes. The allotted time is seventeen minutes. Nolan has been at the university for sixteen months and in that time he has made 165 credits, or double the number made by the average student.

Tells Of Auto Crash, Draws Graphic Diagram

"The finish."
Those two words marked a graphic description of an automobile accident in which J. M. Selleck of 450 Myrtle street was one of the parties concerned.

In his report to the police department Mr. Selleck drew a diagram of the collision last evening at San Fernando road and Sonora street in which his car was badly wrecked.

B. M. Emerson of 441 Salem street reported hitting John Butler at the corner of Salem street and Central avenue Thursday evening. Mr. Butler failed to see Mr. Emerson approaching on account of a wagon and stepped in front of the car.

Somebody Gets Stung; Who? That's Question

Mrs. W. H. Reynolds of 2000 Kenneth Road reports that for the past two nights unknown persons have been disturbing their slumbering bees. The first night the "invaders" burned clothes over the hive, killed some of the best bees and took a quantity of honey. Last night the same thing was tried, but evidently the visitors were called upon to make a hasty retreat for they left their caps, nets and other materials. It has been suggested that some of the boys here in Glendale very probably have swollen faces, and if they care to, they may have their caps, etc., by calling at 2000 Kenneth Road for them.

Cotton Workers Will Strike, Is Threatened

LONDON, June 4.—With more than 3,000,000 workers already idle as a result of the coal strike the addition of 500,000 cotton workers to the unemployed list was threatened today.

Cotton mill owners served notice that if proposed wage reductions are not accepted the factories will be closed until the operatives are willing to accept the cut.

The threatened action of the owners comes just before the opening of the world cotton conference here. At that session cotton growers and manufacturers from all parts of the world are to discuss ways of bettering the industry. The question of wages is to receive much attention.

British officials viewed the prospect of additions to the list of unemployed with great concern.

Executive officers of the miners' union were to meet for further consideration of the last offer from the government and colliery owners, but they were said to have been advised by local unions that the terms were unacceptable.

DISCUSS PLANS TO GREET GUESTS AT C. E. CONVENTION

MANY LETTERS BEING MAILED TO GLENDALE FOLK ASKING TO PROVIDE QUARTERS

By GLEN and DALE

Well, we're getting to be pretty busy people now. Thursday night we could hardly keep track of ourselves there was so much going on. First of all the pages and guides had a big meeting at the Presbyterian church with about seventy-five present. They had games, talks, singing, and last, but not least, delicious refreshments of ice-cream and home-made cake. With the enthusiasm of this meeting in their minds and hearts great things are expected of the pages and guides.

Then the reception committee had a meeting at the home of Mr. Wilcox when further plans were discussed for the work of welcoming the delegates coming from all over this state. Although these committees had good times at their meetings, probably more real work was accomplished at the executive of the entertainment committee held in the convention headquarters at 130 South Brand.

Letters Are Being Mailed

While this committee was discussing the problems confronting it, there was also prepared about 750 letters to be mailed to the church members of Glendale early in the morning. These letters told the people of the work of the committee, and also of the house to house canvass to be held Saturday, June 18, at which time entertainment will be solicited for the thousands of delegates expected. The entertainment committee is planning a big party to be held Saturday night, June 11, for all those who expect to help in any way on this committee, either in the canvass, or in the work at the auditorium during the convention.

More meetings are planned for the near future, so we don't expect to have a chance to get lazy between now and June 25.

Heavy Registrations Secured By Deputies

Registration clerks who were appointed for Glendale have been hard at work since their appointment. The list includes Miss Isabel Tisdale, who is at the Chamber of Commerce; Mrs. Mae Myton, Spencer Robinson's office at 104 South Glendale avenue; Mrs. Grace Holman of 533 West California avenue; Mr. Mitchell and Mr. L. W. Ball of 363 West Elk avenue. Mr. Ball, who secured the assistance of Claude Berger of 403 East Lomita avenue and J. B. Light of 535 West Oak street, obtained 1459 registrations since appointment. Of this number 1275 were secured since May 24, the date previously set for the school bond election. Registration for the municipal election has closed.

Maine Folk To Picnic On Saturday, June 11

All who ever lived in Maine, the Pine Tree state, are invited to a picnic reunion, all day, Saturday, June 11, in Sycamore Grove park, Los Angeles. There will be county registers and headquarters. There will be a brief program opening about 2 o'clock, but the main purpose will be to have a good time and to meet friends from all over southern California. Coffee will be served free to all who buy the souvenir badges. President E. H. Hutchinson will preside. Further information may be had of C. H. Parsons, secretary of the Federation of State societies, 901 South Main street, Los Angeles.

Evangelist Campaign Will Open On Sunday

Evangelist P. G. Murray of the Church of the Nazarene, assisted by a corps of workers, will begin an evangelistic campaign on Sunday, June 5, at 2:30 o'clock, with services every night at 7:30 o'clock in the tent opposite the Christian Endeavor tabernacle on Harvard street.

The Scheideman Hollowell quartet with special music will be a feature at every service. Everybody welcome to attend the meetings.

Quick Action Required Regarding Postoffice

Editor The Evening News: May I be permitted to say a few words to the citizenship of Glendale through your valuable paper regarding our postoffice.

The Chamber of Commerce after many urgent requests from the citizens of this city has undertaken the task of putting the question up to our government of giving to this city such a postoffice as a community of 16,000 to 18,000 people is entitled. The matter has been referred to a special committee of which Dr. Henry R. Harrower is the chairman. This committee has gone into the matter more carefully from every angle and has rendered efficient and valuable service to the Chamber of Commerce and to the people at large.

The committee has sent out postal cards and questionnaires, and endeavored in every possible way to ascertain the desires of our people in regard to an independent postoffice.

I am informed by Dr. Harrower that the result of their investigations has been almost unanimous in favor of an independent postoffice for this city.

In the face of this investigation the committee caused petitions to be circulated and placed in the banks, drug stores, the Chamber of Commerce, and other public places, and the result is that, without any undue solicitation, fully 1000 have signed the petitions. But this showing is not sufficient to warrant our going before the government on this important matter, and I wish to say to the citizenship and taxpayers of this wonderful city that this is right up to you.

If you have any desire for an independent postoffice, if you have any desire and pride that the fair name of Glendale should be placed on the maps of this country (as most maps are built from postoffice guides and data), I urge you to sign one of these petitions. If you have any desire that mail arriving in and leaving Glendale should go direct instead of coming and going through Los Angeles and thereby being delayed for one or more days, sign these petitions, that are being circulated. If you have any desire to have a large number of people living in the northwestern part of the city and adjacent thereto, get their mail without having it sent from Glendale to Los Angeles and then from Los Angeles to Burbank where it is distributed through rural delivery, sometimes several days after it is sent, sign one of the post office petitions.

If you have any desire that some day Glendale might have a handsome federal building adding stability and permanency to our city, and if you have a desire to be an independent people free from the sovereignty and political dictation of any one and to have a voice in the management of your own affairs and the shaping of the destiny of your own city, then I ask and urge those of you who do have such desires to at once sign one of the petitions asking for these things.

There are arguments used by those in favor of annexing to Los Angeles that in case annexation should come to pass, we would not require an independent postoffice for Glendale. I beg to point out that San Pedro was annexed to Los Angeles and they have their separate and independent postoffice and are vastly benefited in distinction to some other localities that have been annexed to Los Angeles and not had their independent postoffices.

The petitions in favor of an independent postoffice for Glendale have been in circulation for several days and we will keep them open for signatures until next Monday evening, June 6. To those of you who are interested may we ask that you assist us by signing one of those petitions today.

Very respectfully yours,
JAS. M. RHODES,
Secretary Chamber of Commerce.
Approved: (Signed)
HENRY R. HARROWER, M. D.
Chairman Committee on Postoffice.

C. H. Muhleman Issues Candidacy Statement

Editor The Evening News—In announcing myself as a candidate for member of the council for the city of Glendale under the new charter, I desire to state that I have been a resident of our city for twelve years and have endeavored to do my part in building it up. For more than a quarter of a century I have been connected with a large and successful business concern, and by careful attention and close application I have contributed to the success of its business.

Should I have the honor of being elected to the office for which I am a candidate, I expect to use my best judgment and give careful attention to the same so as to fulfill the duties and responsibilities placed upon me, giving to the office the same attention and application that I have used in my private business, as I believe a public office is a public trust and entitled to the best efforts of the office holder.

Local Delegates Are Booster Banquet Guests

By GLEN and DALE

A pleasant evening was enjoyed by a party of Glendale young people who went to the big Intermediate Booster Banquet held at Immanuel Presbyterian church of Los Angeles last night. The banquet hall was artistically decorated in the colors used on the convention stationery, red, green and yellow, and a regular Spanish dinner was served by the Spanish seniors and senioritas wearing the Glendale sombreros. Small sombreros marked the places of all present, while the Glendale delegation being honored guests had special place cards.

After the dinner, during which the various delegations gave their songs and yells, Glen and Dale doing their part, a program of toasts, songs, and an address by Rev. John A. Leusin-ger made the evening pass all too quickly. Glen and Dale, otherwise known as Mrs. Fannie Marple Retts and C. Clifford Riggs, sang "Glendale Invites You" and the other members who went gave a little skit inducing all to come to Glendale on June 25-29.

Those who went were Mr. and Mrs. C. M. Retts, Ethel Preston, Nancy St. Clair, Marjorie Smith, Loys Griswold, Clifford Riggs and Albert Hewitt.
